

'The Facts'

Keeping you in touch with information from
Graham's FacTree
Vol 2 December 2010

Welcome to the second edition of The Evaluation Facts, a regular newsletter keeping you in touch with the latest cultivar evaluation information, from the cultivar evaluation program being coordinated by Graham's Factree.

Well, with a late start and wide spread rainfall causing damage across most growing regions the stone fruit season, so far, is proving to be a difficult one to say the least. We all have our fingers crossed that the weather improves and growers can start having a bit more success this summer.

As you might now be aware Grahams Factree, in conjunction with Horticulture Australia Limited ('HAL'), are in the process of developing a country wide regional evaluation program for stone fruit.

Here at Factree we are pleased to say that, with a number of evaluations now available to growers and a mostly positive response from industry, the Evaluation Project is off to a good start. After visits from Graham and Lisa we have been presented with several verbal commitments from local associations in respect to developing stage 2 or secondary regional sites for the project.

The regional visits 'roadshow' launching the project will continue throughout the summer and we look forward to meeting with local growers in a number of regions. We encourage any growers interested in the project to contact either Graham or Lisa at Factree or their local grower associations.

In this week's edition of 'The Evaluation Facts' you will find all the latest cultivar evaluation information from the project's stone fruit primary site located at Renmark. Please do not hesitate to contact Graham's Factree to discuss any of the following or commercially available cultivars.

This project is funded by HAL through voluntary contributions from Graham's Factree Pty Ltd with matched funds from the Australian Government.

IMPORTANT NOTICE - DISCLAIMER

Graham's Factree Pty Ltd and our officers and employees together with anyone associated with the cultivar evaluation program in any way ('We'), provide the information in this newsletter as a guide only. We do not warrant or represent that the information provided in this newsletter is free from errors or omissions or is suitable for your intended use.

Subject to any terms implied by law which cannot be excluded, we disclaim all liability for any harm, loss or damage, including but not limited to any loss or damage caused by pests, diseases and/or viruses, or caused or resulting from your use of or reliance on any of the information provided in this newsletter.

We strongly recommend that you obtain independent advice before you make any decisions in reliance on this newsletter.

Specifically you should make and rely on your own enquiries in relation to any district performance, cropping ability, pollination or any other aspect of the cultivars and/or rootstock mentioned in this newsletter.

Our liability for a breach of a condition or warranty implied by law and which cannot be excluded, is limited to the extent possible, at our option, to:

- the supply of the relevant replacement trees, or equivalent trees; or
- the payment of the cost of the replacement trees, or equivalent trees.

We will in no event be liable for any loss of profits or other loss or damage whatsoever.

Comments

Not uniform ripening, lower cropping this year. Only advantage is early.
