

Horticulture Australia

Welcome to the second edition of The Evaluation Facts for the 2011-2012 season. The Evaluation Facts is a regular newsletter keeping you in touch with the latest information from Graham's Factree's Cultivar Evaluation Project.

The poor weather has continued in most states with Renmark receiving significant rain and Victoria getting massive downpours in some regions. Although news from some cherry growers is not all bad with losses not as heavy as expected.

In this edition of The Evaluation Facts are several reviews of already commercialised varieties including 'Wescot' Interspecific Apricot, 'Starborne' Nectarine from South Africa and 'Royal Elaine' a newly named cherry. We hope you find the newsletter a helpful and interesting guide and remember if you want to find out more about the project just contact the Grahams Factree office or check out the website at [www.factree.com.au](http://www.factree.com.au)

*This project is funded by HAL through voluntary contributions from Graham's Factree Pty Ltd with matched funds from the Australian Government.*

## IMPORTANT NOTICE - DISCLAIMER

The varieties identified by our "F" series Evaluation code number are in a testing/evaluation phase only and are not yet commercial. Graham's Factree Pty Ltd and our officers and employees together with anyone associated with the cultivar evaluation program in any way ('We'), provide the information in this newsletter as a guide only. We do not warrant or represent that the information provided in this newsletter is free from errors or omissions or is suitable for your intended use. Subject to any terms implied by law which cannot be excluded, we disclaim all liability for any harm, loss or damage, including but not limited to any loss or damage caused by pests, diseases and/or viruses, or caused or resulting from your use of or reliance on any of the information provided in this newsletter. We strongly recommend that you obtain independent advice before you make any decisions in reliance on this newsletter. Specifically you should make and rely on your own enquiries in relation to any district performance, cropping ability, pollination or any other aspect of the cultivars and/or rootstock mentioned in this newsletter. Our liability for a breach of a condition or warranty implied by law and which cannot be excluded, is limited to the extent possible, at our option, to:

the supply of the relevant replacement trees, or equivalent trees; or  
the payment of the cost of the replacement trees, or equivalent trees.

We will in no event be liable for any loss of profits or other loss or damage whatsoever.

Cultivars are in order of maturity.

**Comments & Commercial Comparator**

Small tree with good crop. Fruit small with good colour but acid taste. Markings from rain may be a problem
