Ok sweetness but poor flavor profile.

Factree editorial notes:

Please note that the evaluator has indicated that this cultivar should not proceed to stage 2 of the evaluation project. This indication is based on the limited amount of fruit available for this initial evaluation which makes it difficult for the evaluator to determine the commercial potential of the cultivar. This cultivar will undergo further evaluation next season at which time a more detailed evaluation will be available. It is interesting to note that the cultivar has passed the critical fruiting criteria of the initial evaluation, which is a positive result
