The Evaluation Facts

Welcome to a new edition of The Evaluation Facts for the 2013 - 2014 season. The Evaluation Facts is a regular newsletter keeping you in touch with the latest information from the Graham's Factree Cultivar Evaluation Project.

Volume 12, 2013 - 2014

Welcome to the 12th volume of 'The Evaluation Facts' Newsletter for the 2013-2014 season.

All varieties in this current newsletter have been evaluated in KARAGULLEN, Western Australia.

If you would like any more information regarding any of these varieties, please click the photograph and you will be directed to their evaluation. Alternatively, please visit www.factree.com.au and you will have access to all the current evaluations from this season and previous seasons.

If you have any further questions regarding any of these varieties please call our office on (03) 9999 1999 or email us sales@factree.com.au .

If you would like to order any of these varieties please contact us and we can advise of availability.

EVALUATION SCORING SCALE

< 5/10 = poor variety and should not be seriously considered

5/10 = variety displays some negative attributes but needs further consideration

6/10 = variety is equal to the current commercial varieties available to growers and should be trialed by individual growers to see if it works for them.

6.5/10 = variety is showing that it is superior to current commercial varieties and should be seriously considered for commercial planting.

7/10 and above = variety is very good and is highly recommended for growers to consider planting commercially.

IMPORTANT NOTICE - DISCLAIMER

The varieties identified by our "F" series Evaluation code number are in a testing/evaluation phase only and are not yet commercial.
